# Data Layout for PSAT 8/9 Electronic Score Reports

---

EFFECTIVE FALL 2023

*If you have questions about this data layout, please contact Customer Service at 888-477-PSAT (7728) or [k12reports@info.collegeboard.org](mailto:k12reports@info.collegeboard.org).*

**Introduction** Score reports provide current score information for each student who completed the PSAT™ 8/9 test administration at your school.

You can access the current PSAT 8/9 Data Layout Crosswalk at [satsuite.collegeboard.org/psat-8-9/scores/k12-educators/guides-online-score-reports](https://satsuite.collegeboard.org/psat-8-9/scores/k12-educators/guides-online-score-reports).

**New Developments** Here is a brief summary of the changes to data fields and the layout that we expect to make beginning in the 2023-24 year:

- Students will take the new digital PSAT 8/9 in fall 2023 and in spring 2024. Scores provided for the digital PSAT 8/9 will include the total score and section scores for the Reading and Writing section and the Math section. Additional details about the test specifications of the digital PSAT 8/9, including test scores, can be found at [satsuite.collegeboard.org/media/pdf/digital-sat-test-spec-overview.pdf](https://satsuite.collegeboard.org/media/pdf/digital-sat-test-spec-overview.pdf).
- In addition to the national percentiles already provided, state percentiles (for U.S.-based testers) and country percentiles that are based on actual performance of test takers on the PSAT 8/9 in a student's state and/or country will be reported.
- When taking the digital PSAT 8/9, students will no longer be asked to provide information about their academic, extracurricular, and postsecondary interests via the Student Data Questionnaire. Therefore, these fields will no longer be populated in the data file.

**Score Report Delivery and Data Access** Electronic score reports are accessed via the SAT® Suite of Assessments online K–12 score reporting portal at [k12reports.collegeboard.org](https://k12reports.collegeboard.org). For more information on the K–12 score reporting portal, see [satsuite.collegeboard.org/help-center/k12-reporting-portal](https://satsuite.collegeboard.org/help-center/k12-reporting-portal).

Electronic score reports are delivered in two formats: comma-delimited (CSV) and fixed-width (.txt). This document outlines the specifications for the fixed-width data layout. For information on the comma-delimited data layout, review the Excel crosswalk for this format at [satsuite.collegeboard.org/psat-8-9/scores/k12-educators/guides-online-score-reports](https://satsuite.collegeboard.org/psat-8-9/scores/k12-educators/guides-online-score-reports).

Please note, electronic score report data files, individual score reports, and score report labels are accessible to view and download/print in the K–12 score reporting portal for free.

**Test Scores**  
*(positions 675–708)* The PSAT 8/9 contains three scores, including a total score, a Reading and Writing section score, and a Math section score. The total score is on a scale of 240–1440; Reading and Writing, and Math section scores are on a scale of 120–720.

For the PSAT 8/9, college and career readiness benchmark indicators are included at the section-level scores. As shown in our research, benchmark attainment is related to many positive college outcomes and can be a useful tool in measuring the college readiness of high school students.

**Percentiles**  
*(positions 751–816)* The PSAT 8/9 uses four percentile ranks. Nationally representative percentiles are derived via a research study sample of U.S. students in the student’s grade (eighth or ninth), weighted to represent all U.S. students in that grade, regardless of whether they typically take the PSAT 8/9. User group percentiles are based on the actual performance of test takers on the PSAT 8/9. We have additionally added state percentiles (for U.S.-based testers) and country percentiles that are based on actual performance of test takers on the PSAT 8/9 in a student’s state and/or country.

**Attending Institution Code**  
*(positions 1–6)* Check that the correct six-digit code has been listed for your institution. If you find an error, contact Customer Service at 888-477-PSAT (7728) or [k12reports@info.collegeboard.org](mailto:k12reports@info.collegeboard.org).

**AP Potential**  
*(positions 1026–1031)* AP Potential™ fields will be populated based on the student’s performance on the PSAT 8/9 assessment. AP Potential is calculated as follows:

- For ninth graders, AP Potential is calculated for European History, World History, Art History, Human Geography, Computer Science Principles, and Seminar only.
- For eighth graders, AP Potential is not calculated for any courses.
- For those courses where AP Potential is not calculated, the field will be blank.

Note: The AP Potential reported in the K–12 score reporting portal is the same information provided to the student. Additional information on AP Potential can be found in the AP Potential Tool at [appotential.collegeboard.org/app/welcome.do](http://appotential.collegeboard.org/app/welcome.do).

**Date of Report**  
*(positions 1099–1108)* This field indicates the date a student’s score record was generated into the file. The date of report, like all other date fields, is in the YYYY-MM-DD format. It can be used to determine the most recent information when multiple records are created for the same student.

#### **About College Board**

College Board reaches more than 7 million students a year, helping them navigate the path from high school to college and career. Our not-for-profit membership organization was founded more than 120 years ago. We pioneered programs like the SAT® and AP® to expand opportunities for students and help them develop the skills they need. Our BigFuture® program helps students plan for college, pay for college, and explore careers. Learn more at [cb.org](https://collegeboard.org).
