

2025-26

For High Schools and School Districts

Data Layout for SAT Electronic Score Reports

EFFECTIVE FALL 2025

If you have questions on this data layout, please contact Customer Service at 888-SAT-HELP (728-4357) or k12reports@info.collegeboard.org.

Introduction Score reports for students provide score information for up to 6 administrations of the SAT®.

New Developments The overall structure of the data file layout for 2025-26 is NOT changing—the file remains the same size, and fields previously reported remain in the same position when compared to the 2024-25 data layouts.

- Spring 2026 Essay scores will transition from the current 0, 2–8 scale to a new 0, 1–4 scale.

Score Report Delivery and Data Access Electronic score reports are accessed via the SAT Suite of Assessments online K–12 score reporting portal at k12reports.collegeboard.org.

For more information on the K–12 score reporting portal, see our help page at satsuite.collegeboard.org/help-center/k12-reporting-portal.

Electronic score reports are delivered in 2 formats: comma-delimited (CSV) and fixed-width (.txt). This document outlines the specifications for the fixed-width data layout. For information on the comma-delimited data layout, review the Excel crosswalk for this format at satsuite.collegeboard.org/sat/scores/k12-educators/score-reports/electronic-data-files.

Please note, College Board does not deliver paper student score reports or score labels to the student's school. Electronic score report data files, individual score reports, and score labels are accessible to view and download/print in the K–12 score reporting portal for free.

SAT School Day – Improved Access to the Test Opportunities continue to expand for students to participate in SAT School Day initiatives. These administrations are reported as separate administration dates in the fall, winter, and spring. If your district offers SAT School Day, or if a student moves into your district from a district that offers SAT School Day, you may see scores on their report that indicate an additional administration date from the usual 7 weekend administrations.

For more information, contact the SAT Educator Help Line at 888-SAT-HELP (728-4357).

Latest SAT Scores
(positions 581–593)

We will report scores from students taking the digital SAT. The digital SAT measures the knowledge and skills that matter most for college and career readiness and reflects important changes to make the most of what it means to deliver an assessment digitally. Learn more at sat.org.

Latest SAT scores (scores from students who have taken the digital SAT in 2024-25) include:

1. Total score on a scale of 400–1600.
2. Reading and Writing and Math section scores on a scale of 200–800.
3. Optional essay, as 3 subscores on a scale of 0, 1–4.

Previous SAT Scores
(positions 770–1179)

We will report previous SAT scores for students that took up to 5 prior SAT exams. These administrations may include scores from the new digital SAT, the prior paper and pencil, or an “old” SAT.

That means that you may see up to 3 SAT score types reported:

1. Old SAT scores (scores from students who took the paper SAT prior to March 2016).
2. Paper and pencil SAT scores (scores from students who took the paper and pencil SAT, or the digital version of the paper and pencil test).
3. New digital SAT scores (scores from students who took the new digital SAT).

Here are details about the SAT scores you may receive:

1. Old SAT scores (scores from students who took the paper and pencil SAT prior to March 2016). From March 2005 to March 2016, the SAT included critical reading, mathematics, and writing section scores, reported on a scale of 200–800, as well as subscores for the essay (0 or a scale of 2–12) and writing multiple choice on a scale of 20–80. These historical scores are still included in the score report file if students took this version of the test.
2. Paper and pencil SAT scores (scores from students who have taken the paper and pencil SAT, or the digital version of the paper and pencil test). The reported scores include:
 - a. Total score on a scale of 400–1600.
 - b. Evidence-Based Reading and Writing (ERW) and Math section scores on a scale of 200–800.
 - c. Test and cross-test scores on a scale of 10–40. All scores are whole integers, except the Math test score, which is in 0.5 increments (i.e., 10.0, 10.5, 11.0, etc.).
 - d. Subscores on a scale of 1–15.
 - e. Optional essay, as 3 subscores. For administrations prior to spring 2026, on a scale of 0, 2–8, and for administration on or after spring 2026, on a scale of 0, 1–4.

3. New digital SAT scores (scores from students who participated in research studies or pilots in 2022 for the new digital SAT, and students who took the new digital SAT starting in March 2023 (international students) or 2024 (domestic students). The reported scores include:
 - a. Total score on a scale of 400–1600.
 - b. Reading and Writing and Math section scores on a scale of 200–800.
 - c. Optional essay, as 3 subscores on a scale of 0, 2-8.

| | |
|---|---|
| Attending Institution Code <i>(positions 1–6)</i> | The Attending Institution code is the code for the school that the student attends. Check that the correct 6-digit code has been listed for your school. If you find an error, contact Customer Service at 888-SAT-HELP (728-4357) or k12reports@info.collegeboard.org . |
| Assessment Dates/Grade Level When Assessed | We report assessment dates by year, month, and day (YYYY-MM-DD). Every set of scores reported includes the student’s assessment date and grade level when assessed. |
| Revised Score | Blank = not revised score, Z = revised score. A revised score can occur if a student’s assessment needs to be rescored and this results in a new score. |
| College Reportable Indicator | If this field is reported “Blank”, then the scores reported can be sent to colleges, scholarship programs, or other organizations. If this field is reported “N”, these scores are not college reportable and can be used by state, districts, and schools for educational purposes. They shall not be sent to colleges, scholarship programs, or other organizations. |
| Knowledge and Skills <i>(positions 614–683)</i> | These fields report a student’s knowledge and skills performance in the Reading and Writing and Math sections, including performance in 4 content domains in Reading and Writing and 4 content domains in Math. One of 7 performance score bands are reported. Performance score bands divide the Reading and Writing and Math sections’ score scales into ranges of score points broad enough to allow for meaningful generalizations to be drawn about successively higher levels of student performance demonstrated on the digital SAT Suite tests. |
| Percentiles <i>(Positions 704–727)</i> | The SAT uses 4 percentile ranks. Nationally representative percentiles are derived via a research study sample of U.S. students in 12th grade, weighted to represent all U.S. students in that grade, regardless of whether they typically take the SAT. User group percentiles are based on the actual performance of test takers on the SAT. We additionally report state percentiles (for U.S.-based testers) and country percentiles that are based on actual performance of test takers on the SAT in a student’s state and/or country. |

| | |
|--|--|
| College and Career Readiness Benchmarks <i>(positions 748–749)</i> | We include college and career readiness benchmark indicators at the section-level scores. As shown in our research, benchmark attainment is related to many positive college outcomes and can be a useful tool in measuring the college readiness of high school students. |
| College Code and Name <i>(positions 1200–1423)</i> | These fields show up to 4 college codes and names that the student listed as score recipients on the registration form (SAT Weekend testing) or in Bluebook™ when testing (SAT School Day testing). The code is a 4-digit number that precedes the name of the college and/or scholarship program. |
| Date of Report <i>(positions 1426–1435)</i> | This field indicates the date a student’s score record was generated into the file. The date of report, like all other date fields, is in the YYYY-MM-DD format. It can be used to determine the most recent information when multiple records are created for the same student. |

About College Board

College Board reaches more than 7 million students a year, helping them navigate the path from high school to college and career. Our not-for-profit membership organization was founded more than 120 years ago. We pioneered programs like the SAT® and AP® to expand opportunities for students and help them develop the skills they need. Our BigFuture® program helps students plan for college, pay for college, and explore careers. Learn more at [cb.org](https://collegeboard.org).
