Data Layout for SAT and SAT Subject Tests Electronic Score Reports

EFFECTIVE FALL 2026

If you have questions about this data layout, please contact Customer Service at 855-475-3636 or hedreports@collegeboard.org.

Introduction Score reports provide score information to institutions that each student selects to send. Each score report may include just the most recent SAT® score, or it may include scores from up to 6 administrations of the SAT and 6 administrations of the SAT Subject Tests™.

You can access the crosswalk and sample data files at sat.org/esr.

New Developments The overall structure of the 2026–27 data file layout remains consistent with the version released for the 2025–26 data layout. The file size is unchanged, and previously reported fields continue to appear in the same positions as in the 2025–26 layout. Most fields and reported values in the 2026–27 layout remain unchanged.

- Essay scores continue to use the 0 and 1–4 scale (implemented in spring 2026), replacing the previous 0 and 2–8 scale.
- As a reminder, we no longer report race/ethnicity for students. Fields designated for a student’s response to race/ethnicity questions are left blank, and the derived aggregate race/ethnicity field is reported as “0,” or no response. This data remains removed to protect students’ personally identifiable information.
- The approach to collecting and sharing student data for those who take the SAT during the school day, introduced in 2023–24, remains in effect as part of our commitment to expanding access while protecting student privacy.

- ◆ The fields that will be provided when you receive SAT School Day electronic score reports will include the following:
 - Name
 - Gender
 - Birth Date
 - CB Student and School ID
 - Address (all fields)
 - Graduation Date
 - Homeschool Indicator
- ◆ Some fields will be blank, including:
 - Race/Ethnicity Student Response
 - Derived Aggregate Race/Ethnicity
 - Telephone Number
 - Email Address
 - All Student Data Questionnaire Fields
- ◆ The information in SAT School Day electronic score reports may only be used for application support and file completion outreach—not for recruitment purposes or other outreach. The **Recruitment/Contact Eligible** field in the layout should be used to designate whether or not the student data included in the report can be used for recruitment purposes.

Score Report Delivery and Data Access

Electronic score reports are accessed via the Higher Ed Reporting Portal at hedreports.collegeboard.org. For more information on the Higher Ed Reporting Portal, see our help page at satsuite.collegeboard.org/help-center/higher-ed-reporting-portal.

Electronic score reports are delivered in 2 formats: comma-delimited (CSV) and fixed-width (.txt). This document outlines the specifications for the fixed-width data layout. For information on the comma-delimited data layout, review the Excel crosswalk for this format at sat.org/esr.

We report SAT scores for students who took the digital SAT beginning with international administrations in March 2023 and U.S. administrations starting in 2024. All SAT scores, regardless of format are delivered together in a single electronic score report.

The SAT continues to measure the knowledge and skills most essential for college and career readiness. The digital SAT maintains this focus while incorporating updates that enhance the testing experience and reflect its digital delivery. Learn more at sat.org.

That means that you may see up to 3 SAT score types reported:

1. Old SAT scores (scores from students who took the paper SAT prior to March 2016).
2. Paper and pencil SAT scores (scores from students who took the paper and pencil SAT or the digital version of the paper and pencil test).
3. New digital SAT scores (scores from students who took the new digital SAT).

Here are details about the SAT scores you may receive:

1. Old SAT scores (from students who took the paper SAT prior to March 2016). From March 2005 to March 2016, the SAT included critical reading, mathematics, and writing section scores, reported on a scale of 200–800, as well as subscores for the essay (0 or a scale of 2–12) and a writing multiple-choice section on a scale of 20–80. These scores are still included in the score report file if students who took this version of the test send their scores to you.
2. Paper and pencil SAT scores (from students who took the paper and pencil SAT or the digital version of the paper and pencil test). The reported scores include:
 - a. Total score on a scale of 400–1600.
 - b. Evidence-Based Reading and Writing (ERW) and Math section scores on a scale of 200–800.
 - c. Test and cross-test scores on a scale of 10–40.
 - d. Subscores on a scale of 1–15.
 - e. Optional essay, reported as 3 subscores. Essay scores for spring 2026 and beyond are reported on 0 and 1–4 scale.

All scores are whole integers, except the Math section score, which is reported in 0.5 increments (i.e., 10.0, 10.5, 11.0, etc.).

3. New digital SAT scores (from students who participated in research studies or pilots in 2022 for the new digital SAT), and students who took the new digital SAT starting in March 2023 (international students) or 2024 (domestic students). The reported scores include:
 - a. Total score on a scale of 400–1600.
 - b. Reading and Writing (RW) and Math section scores on a scale of 200–800.
 - c. Optional essay, as 3 subscores. Essay scores for spring 2026 and beyond are reported on 0 and 1–4 scale.

For all SAT administrations, we include college and career readiness benchmarks at the section level. As shown in our research, benchmark attainment is related to many positive college outcomes and can be a useful tool in measuring the college readiness of high school students. Like college admission test scores, benchmarks are intended to be used by colleges and universities as a supplement to secondary school records and other relevant information, providing a uniform measure for all students.

SAT Subject Test scores are reported as 3 digits on a scale of 200–800 in distinct score fields. SAT Subject Tests were discontinued as of January 2021. You may still receive these scores for students that took an SAT Subject Test prior to this date.

Major Codes The codes for majors align with the Classification of Instructional Programs (CIP) codes provided by the National Center for Education Statistics (NCES). While we only use a subset of the published codes, we recommend allowing for any CIP codes because we update the values regularly.

Assessment Dates/ Grade Level When Assessed	We report assessment dates by year, month, and day (YYYY-MM-DD). Every set of scores reported includes the student's assessment date and self-reported grade level when assessed.
College Code <i>(positions 1–6)</i>	Check that the correct 4-digit code has been listed for your institution. If you find an error, contact Customer Service at 855-475-3636 or hedreports@collegeboard.org .
Social Security Number <i>(positions 108–116)</i>	College Board no longer collects Social Security numbers from students who participate in our assessments and instruction programs. This field will be blank.
Revised Score <i>(positions 572 and 1070)</i>	Blank = not revised score, Z = revised score. A revised score can occur if a student's assessment needs to be rescored and this results in a new score.
SAT Questionnaire Data <i>(positions 1450–1898)</i>	We report data from the SAT questionnaire cumulatively for each student. The most recent date, in YYYY-MM-DD format, for which the SAT questionnaire information was submitted is indicated in positions 1450–1459. Unanswered SAT questionnaire questions are left blank. Additionally, we made some changes in 2023–24 to the way we share student data with higher education for students who took an SAT during a school day. As a result, some fields in this section may be blank.
Attending Institution Code <i>(positions 1899–1904)</i>	The Attending Institution (AI) codes remain the same, but the numerical assignment is no longer tied to the location or school level. Please use AI Address fields and AI School Level fields for this information.
Number of Advanced Placement Courses Offered <i>(positions 2393–2394)</i>	The data provided in this field are the total number of Advanced Placement® (AP®) courses offered by the student's high school. The count of AP courses is static, based on the total number of AP courses approved at each high school at the end of the previous academic year. College Board maintains a list of AP courses for the current school year, released in November and updated through June of that year, which can be found at apcourseaudit.inflexion.org/ledger .
Date of Report <i>(positions 2424–2433)</i>	This field indicates the date a student's score record was generated into the file. The date of report, like all other date fields, is in the YYYY-MM-DD format. It can be used to determine the most recent information when multiple records are created for the same student.
Multiple Records	Multiple records are created when a student submits more than 1 request to send a report to your institution within the same reporting period, or if a student takes the SAT and/or SAT Subject Tests more than once and does not provide consistent identifying information.

About College Board

College Board reaches more than 7 million students a year, helping them navigate the path from high school to college and career. Our not-for-profit membership organization was founded more than 120 years ago. We pioneered programs like the SAT® and AP® to expand opportunities for students and help them develop the skills they need. Our BigFuture® program helps students plan for college, pay for college, and explore careers. Learn more at [cb.org](https://collegeboard.org).
