# Quick Guide to SAT Practice and Scores

**“It was my first time ever taking the SAT exam and I personally had no problem with the digital format. Everything presented in the digital format was clear and easy to understand.”**

– ALI KAAAN UYSAL

# Practice Resources for the Digital SAT

We’ve made test preparation for the SAT® easily accessible for you.

## BLUEBOOK TEST PREVIEW

Our digital testing application, Bluebook™, comes with a test preview. This tool will help you familiarize yourself with functions in the app, see the structure of the test, try sample Reading and Writing and Math test questions, and try all of the testing tools you’re approved to use, including assistive technology.

## TAKE AN SAT PRACTICE TEST

Make a trial run of test day by taking a full-length adaptive practice test in Bluebook. You’ll need a piece of paper and a pen or pencil for scratch work. Bluebook provides a timer and a built-in calculator, but you can also use your own calculator and a clock to time the break. Find everything you need to know about practicing for the SAT.

## PRACTICE WITH KHAN ACADEMY

Go to Official Digital SAT Prep on Khan Academy® for free practice materials and a practice plan. You’ll find thousands of practice questions, videos, lessons, and hints, plus test-taking tips and strategies. You can practice the specific skills that you need to work on based on your results on the full-length practice test.

# Getting and Sending Scores

## What You Need to Know

### WHEN WILL I GET MY SCORES?

Your SAT scores will be available to you online about 2–3 weeks after test day. Go to [sat.org/scores](https://sat.org/scores) to see updated SAT score release dates.

### HOW DO I GET MY SCORES?

**Online:** All students will get their scores online at [studentscores.collegeboard.org](https://studentscores.collegeboard.org) through their College Board account. You'll get an email telling you how to sign in to your online score report when scores are ready.

**Phone:** You can get your SAT scores by phone starting on the day they're released online, but there's an extra fee.

### WHAT DO MY SCORES MEAN?

Your online scores come with additional insights into your strengths and areas for improvement. Some quick facts:

- Your total score on the SAT is the sum of your scores for the Reading and Writing section and the Math section. The total score is reported on a 400–1600 point scale.
- You'll also see section scores and color-coded graphics to help you better understand your performance across the sections of the test.

Go to [satsuite.collegeboard.org/sat/scores/understanding-scores](https://satsuite.collegeboard.org/sat/scores/understanding-scores) to learn more about what your scores mean.

### HOW DO I EXPLORE CAREER OPTIONS?

On your score report you'll see Career Insights Snapshot—a list of growing careers in your state that connect to your math and reading and writing skills based on your SAT Suite performance. Career Insights Snapshot provides career examples, not recommendations, that can stimulate your thinking, broaden your awareness of career options, and encourage deeper career exploration beyond the score report. Visit [bigfuture.org](https://bigfuture.org) to discover more careers that interest you.

### HOW DO I SEND MY SCORES?

You decide which colleges, universities, or scholarship programs College Board should send your scores to.

You can:

- Send scores with your registration. Your test registration fee covers 4 score reports. We'll send just the scores from the registered test date (or the makeup test for that registration if you take a makeup test), unless you specifically ask to send more existing SAT scores.
- If you want to change where your scores are sent, you have until 9 days after the test date to alter your 4 free score reports at no charge. After that, you'll be charged the additional score report request fee for any added or changed report requests.
- Send score reports at any time. Sending scores to additional colleges, universities, or scholarship programs can be requested for a fee online.

### WHEN WILL INSTITUTIONS GET MY SCORES?

Score recipients listed on your registration receive your scores online within 10 days after you receive your scores. Additional reports take 1–3 weeks to process after we receive the request. Rush reporting is available for an extra fee. Keep in mind that institutions vary in terms of how and when they receive scores and how long they take to process them.

If you've tested more than 1 time, you can also consider Score Choice™. Score Choice is a score reporting feature that lets you choose which scores—by test date—you send to colleges and universities, in accordance with an institution's stated score-use practice. It's optional—if you decide not to use Score Choice, your 6 most recent SAT scores will be sent to your recipients. You should feel comfortable sending all your scores, because most colleges consider a student's best score. Although College Board no longer administers the SAT Subject Tests™, scores that you earned in up to 6 past SAT Subject Test administrations will be included in additional score reports.
