
SAT School Day Paper Test Directions Essay

Standard Time Script

Notes to the Proctor

Using this document on test day:

Distribute this document once students are seated.

Students may use this document to read translations of the directions that are read aloud or printed in their test book. Students may keep this document open and on their desk during the entire testing period. Students may **not** be given additional time, unless approved by College Board as a separate accommodation.

Collect this document from each student at the end of testing and securely destroy it.

Notes to the Student

The following is a translation of the directions your proctor will read aloud, as well as the written directions found in your test book. Follow along as your proctor reads the English directions aloud. If you have questions about what is being read by your proctor, please raise your hand.

- These translated directions may not match word-for-word what is read by your proctor; however, the relevant information is the same.
- Your proctor may skip some instructions that don't apply to your testing situation.
- You may keep this document on your desk for the entire testing time, but must return it to the proctor after testing.
- You may NOT use this document for scratch paper.
- At various times, your proctor will announce the time remaining in the section, as well as breaks when appropriate. If you are testing with an approved accommodation, these announcements may differ from the timing and breaks listed in this translated document. Please listen carefully to the announcements read by your proctor.
- If you are testing with an approved accommodation, your proctor may give you additional directions in English.
- Icons are used throughout this document to draw your attention to specific information:

1 Welcome to Testing

When you are ready to begin, your proctor will say:

Good morning. As you know, you're here to take the SAT. Congratulations on taking this important step toward your college and career goals.

Before you begin the test, I am going to read some instructions and hand out some booklets of information for you to review and complete. This should take about 30 minutes. Please listen carefully and raise your hand if you have any questions. Remember, my role is to make sure you have the best opportunity to demonstrate your skills and knowledge.

1.1 Testing Rules and Consequences

To all students, your proctor will say:

College Board SAT Testing Rules include rules and policies to make sure all students have a fair and equal test experience. All of us in this room today are responsible for helping make that happen. If anyone disturbs others or tries to gain an unfair advantage, I'll ask them to leave the room, and their scores will be canceled. They may also be prevented from taking other College Board tests in the future.

Your proctor will list examples of rule violations by saying:

Here are some examples of unfair advantages:

- Giving, attempting to give, or receiving help of any kind
- Looking through the test book before time starts
- Looking at any module other than the one we're currently on
- Marking or changing answers after time is called
- Attempting to remove test materials from the testing room
- Possessing a mobile phone or any other unauthorized testing aid either during testing or during breaks
- Possessing an answer key or sharing answers with anyone during or after the test
- Going to a locker or leaving the building during the test including during a break
- Attempting to take the test for someone else
- Eating or drinking during testing without an approved accommodation to do so
- Causing a disturbance
- Failing to follow testing procedures

These policies help make sure your testing experience today is fair and that you can focus on your own test without distractions.

If you see anything that concerns you, please talk to me or another staff member after the test, and we'll help you with any next steps.

Are there any questions about anything I've said so far?

1.2 Confirm Personal Devices Are Powered Off

Next, your proctor will say:

We need to make sure all electronic devices are powered off. This includes phones, watches with alarms, smartwatches, tablets, computers, or any other electronic devices.

If you've already stored a device and you're not sure whether you turned it off, raise your hand and I'll let you double-check that it's off.

Your proctor will remind students of the electronic devices policy by saying:

If anyone has a phone or other device that makes noise, even if it's been collected, or if anyone accesses any prohibited device at any time, including during breaks, I will ask them to leave. Their scores will be canceled and their device may be confiscated. This can be very distracting, so please be considerate of the other students in the room and think carefully about any devices you brought today. Raise your hand if you still have a device with you at your desk. These need to be powered off, with alarms disabled, and stored away from your desks. They'll be returned at the end of the test.

1.3 Prepare Desks for Testing

Next, your proctor will say:

Thank you for paying attention to these instructions. Now, you'll clear your desks for testing.

If you brought extra batteries, drinks, or snacks, put them on the floor under your desk.

On your desk, you should have pencils, acceptable calculator and backup calculator, if you brought them, and any testing aids you're approved to use as an accommodation. Please remove any other items from your desk and place them in your bags at the front or side of the room.

After desks are cleared of prohibited items, your proctor will say:

Thank you. I will take a moment now to look around and make sure you're all using acceptable calculators.

1.4 Check Items on Desks

After your proctor has approved all devices, your proctor will say:

Please remember that you may not share or exchange calculators at any time. Put your calculator and any backup calculator under your desk now. You won't need a calculator for the first test section.

1.5 Test Material Distribution

Next, your proctor will say:

I am now going to give a test book to each of you. Don't open it yet.

To all students, your proctor will say:

Turn to the back of your test book and print your last name, first name, and middle initial, if you have one. Then print this school’s 6-digit code *[your proctor will give you the code]*, the school name, and this room’s number (or name).

1.6 Proctor Instructions for Paper Test Taker Administration Instructions

To all students, your proctor will say:

I will now distribute a copy of the Paper Test Taker Administration Instructions to each of you.

To explain the booklet, your proctor will say:

The test you’re about to take is a paper format of the digital SAT. There is information that students give and receive in Bluebook™, the digital testing application, that you also need to see and respond to. The booklet I just gave you contains that information.

Next, your proctor will say:

Your answers as marked in your test book will be transcribed into Bluebook after you finish testing. College Board needs both the testers and the staff to verify approval for this transcription and that the answers transcribed reflect your authentic test taker responses to the test questions. Open your booklet to page 3 and read under “Student Start Here.” Follow the instructions, which include completing some information on the front cover. Raise your hand if you need help finding any of the information required. When you are finished, put your pencil or pen down and look up.

Your proctor will review booklet contents with you by saying:

Now turn back to page 3. Under “Complete Your Info” you’ll see a list of things to review and confirm in this booklet. College Board needs you to review their privacy statement and testing rules and agree to them before you take the test. You’ll first see “Use of the Bluebook App.” This section explains how certain data collected in the Bluebook app is used and to whom it may be disclosed. You need to agree to these uses in order for your answers to be transcribed at the end of the test.

Once you have checked the box on page 4 to agree to the Bluebook app policies, you’ll have about 15 minutes to read and agree to the Testing Rules and the Privacy Statement. When you reach the heading “Indicate Your Acceptance of Testing Rules” please check the box next to “I have read and I accept these rules.” Then put your pencil or pen down and look up. If at any time you have a question, please raise your hand.

1.6.1 Scores Delivered to Phone Section

To all students, your proctor will say:

The next section explains a new mobile app that lets you view your scores through your phone. You can also get college and career resources. Please read the information about BigFuture School. If you want to access it, please provide

your mobile number. The mobile phone number you provide must be a U.S. number. Provide a recovery email address to allow College Board to troubleshoot any issues you have with accessing the app.

When you are finished with this page, please put your pencil or pen down and look up.

1.6.2 Privacy Notice and Optional Questions

When all students are ready, your proctor will say:

Before you begin providing information, please read the information under the heading “Privacy Notice.” This Privacy Notice describes how College Board may use the information you may choose to provide and to whom it may be disclosed.” This Privacy Notice describes how College Board may use the information you may choose to provide and to whom it may be disclosed. If you decide to answer the optional questions, turn the page and begin. You’ll see questions labeled “Your Contact Info,” “Tell Us About Yourself,” “What Are Your Academic Goals,” and “Tell Us About Your Family.” You’ll also see notes about why College Board requests this information, and how they’ll use it specific to each category of questions. All questions are optional.

When you are finished, please put your pencil or pen down and look up.

Next, your proctor will say:

Please turn the page.

1.6.3 Introduction to the Connections Program

If students in your school or area are eligible to participate in a new opportunity called “Connections”, your proctor will read the following script. Otherwise, they will skip forward to Selecting Institutions for Free SAT Score Sends section later on this page.

Your proctor will turn to the Introducing Connections page by saying:

Now turn the page and read about a new program offered by College Board called Connections. Read about the purpose of the program and how it works. If you want to participate, put a check mark in the box on this page. Note that participation is voluntary, and you can opt out at any time. ”

1.6.4 Selecting Institutions for Free SAT Score Sends

Your proctor will introduce free SAT score sends by saying:

When you take the SAT, you can select up to four colleges or scholarship programs to send your score to for free. Please read about this opportunity. While you’re reading about it, I will give each of you a booklet that lists the names of institutions you can select to send your scores to. Follow the instructions for using this booklet on the “Send Your SAT Score for Free” page.

This step is optional. If you don’t wish to send your scores, please sit quietly until others are finished. When you are done, place the *Score Sends Code List* booklet under your desk and look up.

Your proctor will give a *Score Sends Code List* booklet to each student.

1.6.5 The Test Security Pledge and Finishing Up

To lead students in completing the test security pledge, your proctor will say:

Please read the 3 rules that apply to the test you're about to take. To signify your agreement with these rules, write out by hand the test security pledge given below the list of rules. When you are finished, please put down your pencil or pen and look up.

Your proctor will finish up by saying:

We're almost finished with this booklet. Please turn to the back of your test book and either add or confirm the four pieces of information listed under Confirm Your Info on Your Test Book." This information will help College Board match your test book and answers with your transcription. When you are finished, please put down your pencil and look up.

When all students have completed the page, your proctor will say:

Thank you for completing this information. Please close your booklet and place it under your desk.

1.7 Additional Testing Instructions

Your proctor may read additional testing instructions to you or supporting staff. Otherwise, they will skip ahead to Final Points Before Testing.

Your proctor may read directions from this section if they apply. Then they will continue at Final Points Before Testing, below.

To a human reader, your proctor will say:

It is important to read only what is in the script. Don't provide elaboration beyond what is in the script, even if the student asks for it. If the student is approved for raised line drawings, you can help a student who doesn't read braille to interpret the labels and numbers that accompany raised line drawings. Labels and numbers given with figures can be found in corresponding locations in the regular-print and large-print test books. Do you have any questions about procedures?

To a writer/scribe, your proctor will say:

Please follow these instructions:

You must write only what the student dictates. You may not prompt the student in a way that would result in a different response.

To a student using a writer/scribe, your proctor will say:

Your answers and any corrections will be recorded as you dictate them. If you want to review your work, your answers will be read to you. Do you have any questions?

To a student who is using braille with raised line drawings format, your proctor will say:

The braille test is divided into several books. You will be given 1 book at a time. Throughout the test, each question is separated from another with a line. Each question begins in cell 1, with runovers beginning in cell 5. Each answer choice begins in cell 3 with runovers beginning in cell 5.

The braille is in Unified English Braille (UEB). The Math modules are in the Nemeth Code revised in 1972. The braille math reference book contains math formulas and directions for use with all mathematics sections. Your test includes raised line drawings of graphs and figures used in the test. The Reading and the Writing modules are in regular grade 2 braille. Do you have any questions about procedures?

1.8 Final Points Before Testing

When everyone is ready, your proctor will say:

You'll begin the test in just a few minutes, after I read a few final points.

During the test, keep your test book flat on your desk. If you find a defect, raise your hand and I'll come over.

Then your proctor will say:

There are 2 test sections with each made up of 2 modules. The test is timed by module. I'll post the start and end times for each timed module here *[your proctor will indicate where this information will be posted]*, and I'll announce when 5 minutes are left in each module.

I'll also walk around the room every now and then to make sure everyone is working on the correct module. For this test, you can only work on 1 module at a time. This may be different from what you're used to, so make sure not to move ahead or look back in the test book, even if you finish the current module.

Once the test is over, please stay seated and don't leave the room until I dismiss you.

If you have any final questions, you may ask them now.

1.9 Back Cover Directions

The following is a translation of the back cover of your test book. When instructed, you should write on your test book, not this document.

Your Name (Print) _____
LAST FIRST MI

Test Center/School _____
SCHOOL NUMBER NAME OF SCHOOL ROOM NUMBER/NAME

SAT School Day

GENERAL DIRECTIONS

- You may work on only one module at a time.
- If you finish a module before time is called, check your work on that module only. You may NOT turn to any other module.

MARKING YOUR ANSWERS

- Be sure to answer your questions properly in this book.
- Circle only one answer to each question. If you change your mind, completely erase the circle. You will not get credit for questions with more than one answer circled, or for questions with no answers circled.

USING YOUR TEST BOOK

- You may use the test book for scratch work.
- You may not fold or remove pages or portions of a page from this book, or take the book from the testing room.

TEST SECURITY

You're bound by the following rules for today's test:

- You may not give or receive help during the test. You may not share or post anything related to this test.
- Your answers must be entirely your own. College Board will review your responses.
- If you attempt to cheat, your scores will be canceled, college admissions offices may be notified, and you will be disqualified from taking any AP[®], SAT[®], or CLEP[®] exams.

STUDENT AGREEMENT

In order for your test to be scored, you must read the following statement, make a check next to "I agree," and sign your name.

I am the person who is supposed to take this test. I agree to follow the rules above and understand what will happen if I break them.

I agree

My signature: _____

Ideas contained in passages for this test, some of which are excerpted or adapted from published material, do not necessarily represent the opinions of College Board.

DO NOT OPEN THIS BOOK UNTIL THE PROCTOR TELLS YOU TO DO SO.

2 Begin Testing

2.1 Reading and Writing Section: Module 1

 The standard time for this module is **39 minutes**. If you are testing with an approved accommodation, your timing and breaks may be different. Please listen carefully to the announcements read by your proctor. A translation of the test directions appears following the translated spoken directions.

When everyone is ready, your proctor will say:

We'll start testing with the first module of the Reading and Writing section. Once we begin, you'll have 39 minutes to work on Module 1. I'll post the start and stop times, and I'll let you know when 5 minutes are left.

Keep your test book flat on your desk. Circle the letter of your chosen answer in your test book. Circle only 1 answer for each question. Multiple circled answers to 1 question will be counted as an incorrect answer. If you skip a question, make sure you leave enough time to come back to it later. If you change your response, erase it as completely as possible. You may use your test book for scratch work but be sure you have clearly circled only one answer.

If you finish before I call time, you may check your work in this module, but you may not go to any other module of the test.

Now, open your test book to the first module in the Reading and Writing section. Read the directions and begin work. Good luck, everyone.

To begin the test, your proctor will say:

Time starts now.

2.1.1 Reading and Writing Module 1 Instructions

 The following is a translation of the directions in your test book for Reading and Writing Module 1.

33 QUESTIONS (STANDARD TIME)

DIRECTIONS

The questions in this section address a number of important reading and writing skills. Each question includes one or more passages, which may include a table or graph. Read each passage and question carefully, and then choose the best answer to the question based on the passage(s).

All questions in this section are multiple-choice with four answer choices. Each question has a single best answer.

2.1.2 During the Module

After 34 minutes, your proctor will say:

You have 5 minutes remaining in Module 1.

After exactly 39 minutes, your proctor will say:

Stop work and put your pencil down.

2.2 Reading and Writing Section: Module 2

 The standard time for this module is **39 minutes**. If you are testing with an approved accommodation, your timing and breaks may be different. Please listen carefully to the announcements read by your proctor. A translation of the test directions appears following the translated spoken directions.

When everyone is ready, your proctor will say:

We'll continue testing with the second module of the Reading and Writing section. Once we begin, you'll have 39 minutes to work on Module 2. I'll post the start and stop times, and I'll let you know when 5 minutes are left.

Keep your test book flat on your desk. Circle the letter of your chosen answer in your test book. Circle only 1 answer for each question. Multiple circled answers to 1 question will be counted as an incorrect answer. If you skip a question, make sure you leave enough time to come back to it later. If you change your response, erase it as completely as possible. You may use your test book for scratch work but be sure you have clearly circled only one answer.

If you finish before I call time, you may check your work in this module, but you may not go to any other module of the test.

Now, open your test book to the second module in the Reading and Writing section. Read the directions and begin work.

To begin the test, your proctor will say:

Time starts now.

2.2.1 Reading and Writing Module 2 Instructions

 The following is a translation of the directions in your test book for Reading and Writing Module 2.

33 QUESTIONS (STANDARD TIME)

DIRECTIONS

The questions in this section address a number of important reading and writing skills. Each question includes one or more passages, which may include a table or graph. Read each passage and question carefully, and then choose the best answer to the question based on the passage(s).

All questions in this section are multiple-choice with four answer choices. Each question has a single best answer.

2.2.2 During the Module

After 34 minutes, your proctor will say:

You have 5 minutes remaining in Module 2.

After exactly 39 minutes, your proctor will say:

Stop work and put your pencil down.

2.2.3 After Module 2

To all students, your proctor will say:

Close your test book and leave it on your desk.

For the break, your proctor will say:

We'll stop now for a 10-minute break. Please listen carefully to these rules:

- Don't discuss the test questions with anyone or access any kind of electronic device during this break or any other break during the test.
- If you need to leave the room, only go to designated areas, the hallway, or the restroom.
- Snacks and drinks are only allowed in designated areas.
- Please be considerate of students working in other rooms and don't talk in the hallway.

We'll start testing again in exactly 10 minutes.

At the end of the break, your proctor will say:

Please take your seat. Don't open any section of the test until I tell you to.

2.3 Math Section: Module 1

The standard time for this module is **43 minutes**. If you are testing with an approved accommodation, your timing and breaks may be different. Please listen carefully to the announcements read by your proctor. A translation of the test directions appears following the translated spoken directions.

When everyone is ready, your proctor will say:

We'll continue testing with the first module of the Math section. Once we begin, you'll have 43 minutes to work on Module 1. I'll post the start and stop times, and I'll let you know when 5 minutes are left.

Keep your test book flat on your desk. Circle the letter of your chosen answer in your test book. Circle only 1 answer for each question. Multiple circled answers to 1 question will be counted as an incorrect answer. If you skip a question, make sure you leave enough time to come back to it later. If you change your response, erase it as completely as possible. You may use your test book for scratch work but be sure you have clearly circled only one answer.

Most questions are multiple choice, but some questions are student-produced responses. Directions for filling in your answers to these questions are in your test book. You'll write your answer next to or under the test question and circle it clearly. You won't receive credit for anything written outside of the circle.

To all students, your proctor will say:

You may use a calculator for this module. If you have a calculator, please remove any cover and put the calculator on your desk now. Keep the calculator cover on the floor under your desk during testing.

Even though you're allowed to use a calculator for this module, all the questions can be answered without a calculator.

If you use a calculator, remember to follow these guidelines:

- Keep your calculator flat on your desk or hold it so that other students can't view your work.
- Do not share or exchange your calculator.

- If you have a backup calculator or batteries, keep them on the floor under your desk.
- If your calculator malfunctions and you have batteries or a backup calculator, raise your hand. I'll come over to assist you. If you do not have a backup, continue the test and do the best you can.

If you finish before I call time, you may check your work on this module, but you may not go to any other module of the test.

Now, open your test book to the first module in the Math section. Read the directions and begin work.

To begin the test, your proctor will say:

Time starts now.

2.3.1 Math Module 1 Directions

The following is a translation of the directions in your test book for Math Module 1.

27 QUESTIONS (STANDARD TIME)

DIRECTIONS

The questions in this section address a number of important math skills.

Use of a calculator is permitted for all questions.

NOTES

Unless otherwise indicated:

- All variables and expressions represent real numbers.
- Figures provided are drawn to scale.
- All figures lie in a plane.
- The domain of a given function f is the set of all real numbers x for which $f(x)$ is a real number.

REFERENCE

$$A = \pi r^2$$

$$C = 2\pi r$$

$$A = lw$$

$$A = \frac{1}{2}bh$$

$$c^2 = a^2 + b^2$$

Special Right Triangles

$$V = lwh$$

$$V = \pi r^2 h$$

$$V = \frac{4}{3}\pi r^3$$

$$V = \frac{1}{3}\pi r^2 h$$

$$V = \frac{1}{3}lwh$$

The number of degrees of arc in a circle is 360.

The number of radians of arc in a circle is 2π .

The sum of the measures in degrees of the angles of a triangle is 180.

For multiple-choice questions, solve each problem, choose the correct answer from the choices provided, and then circle your answer in this book. Circle only one answer for each question. If you change your mind, completely erase the circle. You will not get credit for questions with more than one answer circled, or for questions with no answers circled.

For student-produced response questions, solve each problem and write your answer next to or under the question in the test book as described below.

- Once you've written your answer, circle it clearly. You will not receive credit for anything written outside the circle, or for any questions with more than one circled answer.
- If you find **more than one correct answer**, write and circle only one answer.
- Your answer can be up to 5 characters for a **positive** answer and up to 6 characters (including the negative sign) for a **negative** answer, but no more.
- If your answer is a **fraction** that is too long (over 5 characters for positive, 6 characters for negative), write the decimal equivalent.
- If your answer is a **decimal** that is too long (over 5 characters for positive, 6 characters for negative), truncate it or round at the fourth digit.
- If your answer is a **mixed number** (such as $3\frac{1}{2}$), write it as an improper fraction ($\frac{7}{2}$) or its decimal equivalent (3.5).
- Don't include **symbols** such as a percent sign, comma, or dollar sign in your circled answer.

2.3.2 During the Module

After 38 minutes, your proctor will say:

You have 5 minutes remaining in Module 1.

After exactly 43 minutes, your proctor will say:

Stop work and put your pencil down.

2.4 Math Section: Module 2

The standard time for this module is **43 minutes**. If you are testing with an approved accommodation, your timing and breaks may be different. Please listen carefully to the announcements read by your proctor. A translation of the test directions appears following the translated spoken directions.

When everyone is ready, your proctor will say:

We'll continue testing with the second module of the Math section. Once we begin, you'll have 43 minutes to work on Module 2. I'll post the start and stop times, and I'll let you know when 5 minutes are left.

Keep your test book flat on your desk. Circle the letter of your chosen answer in your test book. Circle only 1 answer for each question. Multiple circled answers to 1 question will be counted as an incorrect answer. If you skip a question, make sure

you leave enough time to come back to it later. If you change your response, erase it as completely as possible. You may use your test book for scratch work but be sure you have clearly circled only one answer.

Most questions are multiple choice, but some questions are student-produced responses. You'll write your answer next to or under the test question and circle it clearly. You won't receive credit for anything written outside of the circle.

To all students, your proctor will say:

You may continue to use a calculator for this section.

If you finish before I call time, you may check your work on this module, but you may not go to any other module of the test.

Now, open your test book to the second module in the Math section. Read the directions and begin work.

To begin the test, your proctor will say:

Time starts now.

2.4.1 Math Module 2 Directions

 The following is a translation of the directions in your test book for Math Module 2.

27 QUESTIONS (STANDARD TIME)

DIRECTIONS

The questions in this section address a number of important math skills.

Use of a calculator is permitted for all questions.

NOTES

Unless otherwise indicated:

- All variables and expressions represent real numbers.
- Figures provided are drawn to scale.
- All figures lie in a plane.
- The domain of a given function f is the set of all real numbers x for which $f(x)$ is a real number.

REFERENCE

The number of degrees of arc in a circle is 360.

The number of radians of arc in a circle is 2π .

The sum of the measures in degrees of the angles of a triangle is 180.

For multiple-choice questions, solve each problem, choose the correct answer from the choices provided, and then circle your answer in this book. Circle only one answer for each question. If you change your mind, completely erase the circle. You will not get credit for questions with more than one answer circled, or for questions with no answers circled.

For student-produced response questions, solve each problem and write your answer next to or under the question in the test book as described below.

- Once you've written your answer, circle it clearly. You will not receive credit for anything written outside the circle, or for any questions with more than one circled answer.
- If you find **more than one correct answer**, write and circle only one answer.
- Your answer can be up to 5 characters for a **positive** answer and up to 6 characters (including the negative sign) for a **negative** answer, but no more.
- If your answer is a **fraction** that is too long (over 5 characters for positive, 6 characters for negative), write the decimal equivalent.
- If your answer is a **decimal** that is too long (over 5 characters for positive, 6 characters for negative), truncate it or round at the fourth digit.
- If your answer is a **mixed number** (such as $3\frac{1}{2}$), write it as an improper fraction ($\frac{7}{2}$) or its decimal equivalent (3.5).
- Don't include **symbols** such as a percent sign, comma, or dollar sign in your circled answer.

2.4.2 During the Module

After 38 minutes, your proctor will say:

You have 5 minutes remaining in Module 2.

After exactly 43 minutes, your proctor will say:

Stop work and put your pencil down.

2.4.3 After Module 2

To all students, your proctor will say:

Close your test book and leave it on your desk.

2.5 SAT Essay Section

2.5.1 Before the Essay

To announce the break, your proctor will say:

Place your calculator under your desk. We'll take a break now to stretch for 5 minutes. You may not leave the room or discuss test questions.

5-minute break

At the end of the break, your proctor will say:

Please take your seat.

2.5.2 Essay Materials Distribution

To all students, your proctor will say:

I'll now give an Essay book and answer sheet to each of you. Don't open your Essay book until I tell you to do so.

Your proctor will continue by saying:

When you receive your Essay book, turn it over and print your last name, first name, and middle initial, if you have one. Then print this school's code _____ and name _____, and this room's testing room code (or name) _____, which I've posted for you.

Next, your proctor will say:

Fill in your full legal name in field 1 now. Include spaces, hyphens, or apostrophes if these are part of your name. Print the letters in all caps in the boxes, then fill in the corresponding bubbles. Make sure each mark is dark and completely fills the bubble.

Your first name must be your legal first name. If you use a preferred first name and you have a College Board online account, you can enter it there. College Board uses your legal name on test day to confirm your identity, but they'll use your preferred first name in all other communications with you.

Look up when you're done.

For field 2, your proctor will say:

If you attend this school, print our 6-digit school code _____ in field 2 and fill in the corresponding bubbles. Look up when you're done.

If you don't attend this school or are homeschooled, raise your hand. I will come over to give you the correct code to enter in field 2.

For fields 3 and 4, your proctor will say:

If you attend this school, fill in the bubble for “Yes” in field 3 and print our school’s name, city, and state in field 4. If you don’t regularly attend this school, fill in the bubble that applies to you in field 3 and print your school information in field 4. Raise your hand if you aren’t sure what to fill in.

For field 5, your proctor will say:

Look at your sign-in ticket, and find your Registration Number. Print the 10-digit number in the boxes for field 5 and fill in the corresponding bubbles.

For field 6, your proctor will say:

In field 6, fill in the month, day, and last 2 digits of the year you were born. Start with a zero if filling in a 1-digit number. Fill in the corresponding bubbles and look up when you’re done.

For field 7, your proctor will say:

When you are ready to fill in your state ID number in field 7, raise your hand.

Important: Students must write their essays on their answer sheets. You may not use scratch paper.

Your proctor will give students directions for recording the essay

Now I’m going to give you a few instructions to help you make sure your essay is scored accurately.

- Use the unlined planning page to take notes and plan your essay. Nothing you write on the unlined page will be scored.
- When you’re ready, start writing your essay on the first lined page, which says “Begin Your Essay Here.” Write your essay on these lined pages and within the marked margins.
- Use a Number 2 pencil. If you do not use a pencil, or if you leave the pages blank, you will receive an Essay score of zero.
- Your essay must fit within the pages provided. Don’t write anything past the word “STOP” on the last lined page, because anything written past that point will not be scored.

2.5.3 Time the Essay

To begin the Essay, your proctor will say:

Once we begin, you’ll have 50 minutes to work on the Essay section. I will post the start and stop times, and I’ll let you know when we’re about halfway through the section and when 5 minutes are left. Keep your answer sheet and Essay book flat on your desk.

Please do not sign your essay or add your name to it (as in “By Jane Doe”). Doing so could delay your essay score.

Now read the directions, then turn to the Essay question and begin work. Time starts now.

After 25 minutes, your proctor will say:

You have 25 minutes remaining in the Essay section.

After 45 minutes, your proctor will say:

You have 5 minutes remaining in the Essay section.

After exactly 50 minutes, your proctor will say:

Stop work and put your pencil down. Close your answer sheet and your Essay book.
Place your answer sheet faceup next to your Essay book.

To all students, your proctor will say:

Congratulations, you have finished the test. Please sit quietly while I collect your Essay materials.

After collecting your materials, your proctor will skip ahead to [Before Dismissal](#).

3 Dismissal

Once testing is over, your proctor will say:

Congratulations. You've completed the SAT. No matter how you feel it went, you've accomplished a lot just by being here today and completing the test.

Next, your proctor will say:

Please sit quietly while I collect and count your test books.

3.1 Before Dismissal

After all materials are accounted for, your proctor will say:

Remember, by submitting your answers, you agree that you won't take any test questions from the testing room, give them to anyone, or discuss them with anyone over email, text messages, online, or any other way. This helps make sure all students have a fair and equal test experience. If you saw anything today that concerns you, come and talk to me before you leave.

If you want to cancel your scores, please see me before you leave.

You have three days to update your four free score send selections in Bluebook. If you want to do that, you'll need your sign-in ticket, so keep it somewhere safe. If you need assistance accessing Bluebook, please see your counselor.

As I said at the beginning of the test, if a person violates any of the policies related to test security, their scores will be canceled and they may be prevented from taking other College Board tests in the future.

Please wait in your seat until I dismiss your row. At that point, you may gather your belongings and come up to collect anything you turned in before the test. As you leave, please be considerate of people still working in other rooms. Again, congratulations on your hard work today.

Your proctor will collect this booklet from you before you leave.
