Submitting Irregularity Reports and Requesting Retests

If a student experiences a testing irregularity, it is important to submit an Irregularity Report (IR) in Test Day Toolkit as soon as possible, but no later than the day after testing.

If a student needs to retest as a result of the irregularity, it can take up to 2 business days for the retest package to be available for the student. Please keep this schedule in mind when planning your retesting days.

Test Coordinators will no longer have access to Test Day Toolkit after May 1 to submit IRs. We recommend that they save a PDF or print out a copy of each IR prior to May 1 and retain the copy in the school’s records. To do this, in Test Day Toolkit:

- Click “Irregularities” in the masthead.
- Click on the “Report ID” in the far-left column of the table listing all the Irregularity Reports for the school.
- Right click anywhere on the Irregularity Report that appears and select “Print”.
- Either physically print a copy or print to PDF using the “Printer” selection drop down that appears.

Spring SAT School Day Test Coordinator Survey

Your feedback is important to us. Test Coordinators will receive a survey via email asking about their experience administering SAT School Day this spring. Test Coordinator feedback helps us improve our policies, processes, and systems. Thank you for taking a few minutes to complete the Test Coordinator survey.

Thank you for all you do to support student success.
