Free SAT Practice at Khan Academy

1

Personalized to Students

Khan Academy will create a tailored practice plan for students based on a diagnostic or SAT or PSAT/NMSQT® scores.

2

Interactive

Thousands of practice questions, videos, lessons, and hints plus study and test-taking tips and strategies. Coaching tools are also available for teachers.

3

Positive

20 hours of practice on Khan Academy is associated with an average 115-point score increase from the PSAT/NMSQT to the SAT, nearly double the average gain without Khan.

4

Official

8 full-length, real practice tests and content.

The College Board now rewards students for the effort they put in on their journey to college.

Opportunity Scholarships

The College Board Opportunity Scholarship is a program that guides students through the college planning process and offers them a chance to earn scholarships for each action they complete, including practicing for the SAT and building a college list.

Completing each step earns students a chance for a scholarship; completing all six actions earns students a chance to win $40,000 for their college education.

What districts in Ohio have to say about the digital SAT

- “It was easy, less paperwork.”
- “It was extremely user-friendly.”
- “I was impressed with most of it. Students understood it quickly, the timing was much easier, and I felt more in control of starting and timing the tests.”
- “The digital platform was easy to use. We are familiar with this format, as we administer other tests using the same system.”
- “Testing went very smoothly. The kids did not have to figure out where to write answers at. We did not have to worry about kids looking back at answers, nor did we have to worry about passing out booklets or answer sheets. It was super simple!”

“In an uncertain testing and accountability environment having the solid reputation of the College Board in our corner was essential. Their customer service and professional development were critical in our successful administration of the SAT.”

SAT Student Supports

Supports for Students with Disabilities (SSD)

1. Streamlined approvals

Most students who have the accommodation written into their IEP or 504 and use that accommodation for testing will be automatically approved under our submission processes.

2. No resubmission

Students who have previously been approved for College Board accommodations do not need to resubmit. Their accommodation will apply to SAT.

3. Flexibility in Testing

Some accommodations require students to test on the primary test date. There are others that allow students to be flexibly scheduled throughout an accommodated testing window.

4. Reportable Scores

Most accommodations result in reportable scores for college admissions or for the Ohio remediation free standard.

The SAT is available to all students.

Accommodations are submitted through our SSD Online.

Supports for English Learners

English learners will be able to utilize the following supports to obtain college reportable scores.

More detailed information will be available from College Board throughout the implementation process.

Translated Test Directions
Requires no approval for use

Word-to-word bilingual glossary

Requires no approval for use
Must use a glossary on an approved list

Time and one-half (50%)

Although not an accommodation, requires entry into SSD Online
