HOW DOES MY STUDENT RECEIVE PSAT 8/9 SCORES?

Your student will—if older than 13—need to create a College Board account to get access to a robust online score report. College Board will email your student (and you, if you opt in) when scores are available. School staff can also print a copy of a student's score report. The scores reported will grow to include every test your student takes that is part of the SAT Suite of Assessments (for more information, see satsuite.collegeboard.org/sat-suite-benefits-students-parents/why-take-psat).

The online experience (for students age 13 and older) is designed to help you and your student understand the scores better and to use the feedback to build new skills based on a detailed breakdown of your student's performance.
