
Help Clear Their Path to College with the SAT

The SAT Lets Students Show Their Best Work

The SAT® is a globally recognized college admission test that's widely accepted at U.S. colleges. Millions of students take the test each year as a step on their path to college.

Actionable Data

Both you and your students get detailed SAT score reports in our secure, easy-to-use online score reporting portals.

The SAT reflects state standards, and you can use the data from the test for instructional planning to improve college and career readiness. Students can understand and act on their test results. You can also see your students' results for the entire SAT Suite of Assessments (SAT, PSAT/NMSQT®, PSAT™ 10, and PSAT™ 8/9) all in one place.

Official SAT Practice on Khan Academy

Nothing builds confidence like practice, and the SAT offers free, personalized practice plans for all students. When they link their College Board and Khan Academy® accounts, students get a customized study plan based on their results on tests like the PSAT 10, PSAT/NMSQT, or SAT so they can focus on the skills they need to work on most. Students also get access to:

- Thousands of practice questions with instant feedback
- Full-length practice tests
- Studying and test-taking strategies
- Video lessons that explain questions step by step

Educators can use the **coaching tools** in Official SAT Practice to view SAT practice recommendations and progress for entire classes and individual students, making it easier than ever to get their students ready for the SAT. Research shows that there are three best practices all students can use to make their time on Official SAT Practice most effective: follow personalized practice recommendations, take a full-length practice test, and level up skills.

Students can access free, personalized SAT practice anytime, anywhere at satpractice.org.

Fee Waivers

Income-eligible 11th- and 12th-grade students receive SAT fee waivers, unlimited SAT score sends, and college application fee waivers, so they can take the SAT and apply to college—all for free.

Increase Access to Scholarships

SAT, PSAT/NMSQT, and PSAT 10 scores open doors to over \$300 million in college scholarships. In addition, the College Board Opportunity Scholarships program provides a simple path to college with the chance for students to earn scholarships for each step they take. Half of the scholarships—more than \$2 million each year—are set aside for students whose families earn less than \$60,000 per year.

College and Career Planning Tools

The SAT connects students to these additional free resources:

- Student Search Service® connects students with over 1,900 colleges and universities. Students can opt in to hear directly from colleges and scholarships looking for students like them. Learn more at [cb.org/studentsearch](https://collegeboard.org/studentsearch).
- Career Finder™ from the College Board and Roadtrip Nation is an online career exploration tool.
- BigFuture™ is a college planning tool, designed to support students from their first thoughts about college to their first day on campus.

Complete the Suite

The SAT Suite of Assessments reflects what students are already learning in their classrooms and gives you benchmarks for assessing students' progress as they enter and move through high school. The tests share a common score scale, making it easier to measure growth.
