

SAT WEEKEND

Fee Waiver: Student Self-Identification

Students who are eligible for fee waivers can now request them directly from College Board. Here's what the process looks like.

Request

After **confirming eligibility**, student completes the SAT Fee Waiver Request form at least 1–2 weeks before the registration deadline.

Review

College Board reviews student request.

Decision

Student receives email indicating if request has been approved.

Next Steps

If approved, benefits automatically appear in student's My SAT account. If denied, the student can contact College Board to be reconsidered, or they can request a fee waiver code from their counselor.
