Section 1.

Requirements for the SAT

The SAT School Day is taken at a school (typically a school you attend) (“*your school*”) on a Testing Device as defined below. It is administered on Bluebook™, the College Board digital testing application (“*Exam App*”) that is downloaded to your Testing Device.

Step 1: Testing Device. You will need an eligible fully charged testing device (“*Testing Device*”) that can connect to the internet to take the test. Testing Devices are one of the following: Windows laptop or tablet, Mac laptop, iPad, or compatible desktop computer in a school computer lab. You can also use a Chromebook if it is a School-Managed Testing Device as defined below. You cannot take the SAT on a mobile phone. The Testing Device must have sufficient charge to last the duration of the test and setup.

The two types of Testing Devices are:

- ◆ School-Managed Testing Device: a device your school provides to you for your use in testing that your school has administrative rights over.
- ◆ Personal Testing Device: a device you bring for your use in testing that is not provided by your school. If you bring a Personal Testing Device, you must make sure that it is allowed by your school. You are responsible for making sure your Testing Device is running on the latest operating system software, and if it isn't, you must update it prior to testing. Schools reserve the right to deny use of outside devices on their school networks. Students may be asked to use a School-Managed Testing Device in these instances.

Step 2. Exam App Installation. The Exam App must be downloaded onto your Testing Device. If your Testing Device is a School-Managed Testing Device, your school administrator will likely download the Exam App to your Testing Device, but it is your responsibility to confirm that the Exam App has been installed. If you are using a Personal Testing Device, you will need to download the Exam App yourself from [bluebook.app.collegeboard.org](https://bluebook.collegeboard.org) prior to testing.

Step 3. Exam Setup. You must complete exam setup (usually part of the digital readiness check at your school) to ensure that your Testing Device can connect to the school internet and you are able to test. Your school will need to provide you with sign-in credentials for you to complete the exam setup prior to testing. Your school may provide you with additional directions on preparing your Testing Device for testing, and you must follow such directions.

Step 4. Test Day.

- On test day, your school will direct you to your testing room.
- Your proctor will provide you with your sign-in credentials to input into the Exam App.
- You will follow the instructions provided to you by the Exam App and your proctor.
- You will connect to your school's internet.
- You **must bring** the following **required items**:
 - ◆ Acceptable photo ID if you are an Away Student (defined below) or testing at a school you don't regularly attend. (Digital SAT Suite ID requirements are on the College Board website at satsuite.collegeboard.org/digital/what-to-bring-do/id-requirements.)
 - ◆ Fully charged Testing Device with the Exam App installed.
 - ◆ Acceptable Calculator (defined below) if you choose not to use the built-in Desmos calculator in the Exam App.
 - ◆ Pen or pencil for scratch work (does not have to be a No. 2 pencil).
- You may also bring the following items on test day (as listed on the College Board website at satsuite.collegeboard.org/digital/what-to-bring-do/what-to-bring, unless your school prohibits these items):
 - ◆ A power cord and/or a portable charger. (We can't guarantee you'll have access to an outlet during testing.)
 - ◆ An external mouse and mouse pad if you use one.
 - ◆ An external keyboard if you use one. (You can only use external keyboards with tablets—not laptops.)

Step 5. Taking the Test.

- **Internet Connection:** The Exam App is designed to work with an intermittent connection to the internet. An internet connection is required to start the test and to submit results at the end of the test. You will receive instructions from your proctor on test day if there is an outage.
- **Modules:** Each section of the SAT is made up of 2 modules. If required by your state, you may also take the Essay section of the test. Once you move on from a module, you cannot return to access any questions from it.
- **Online Calculator:** There is a graphing calculator built into the Exam App for your use on the Math section, but you may also bring an **Acceptable Calculator** as described on the College Board website at satsuite.collegeboard.org/digital/what-to-bring-do/calculator-policy. No other calculators are permitted.
- **Managing Your Time:** The Exam App has a timer that will count down the minutes and seconds remaining in each module. You can hide the timer, but once there are 5 minutes remaining, the timer will become visible until time is up. When time expires, your work will be automatically saved and submitted if you are connected to the internet. You will not be able to keep working on a module after time expires. You are required to stay for the full duration of the test. You cannot end a module early or submit your answers before the timer runs out.
- **No Other Open Programs or Applications:** Prior to testing, you must close all other applications or programs on your Testing Device. You cannot work in any other program or application while the test is running, and you cannot paste work into the Exam App from another program or application. You cannot have any open apps on your Testing Device at the start of testing. Attempting to do so may result in score cancellation. The only exception is for your use of approved assistive technology as a College Board–approved accommodation by College Board Services for Students with Disabilities.
- **Answer Submission in the Exam App:** You must enter your answers in the Exam App. You will not submit any handwritten work, files, or photos. You must not close your Testing Device lid until your answers are submitted. Closing the Testing Device lid before this point may prevent answers from being submitted and cause your test to be incomplete. Answer submission happens automatically if your Testing Device is connected to the internet when the SAT ends. If your answers were successfully submitted, you will see a confirmation screen indicating so. However, if your Testing Device is not connected to the internet when the SAT ends, you must work with your school to resolve any submission errors within the submission window. College Board will score all SAT exams that have been started, even if a submission is incomplete or a submission error occurs.
- **Answer Submission in a Paper Test Book for Those with College Board–Approved Accommodation:** Students approved by College Board for an accommodation to test with a paper test book only, outside of the Exam App, will record their answers in the test book by circling their final answer choice. Circle only 1 answer for each question. Multiple circled answers to 1 question will be counted as an incorrect answer. Most questions are multiple choice, but some questions are student-produced responses. Directions for filling in your answers to these questions are in your test book. You’ll write your answer next to or under the test question and circle it clearly. You won’t receive credit for anything written outside of the circle, or if there are multiple circles for a question. Be sure to follow all instructions to prevent any scoring delays or issues.

WARNING. College Board is not responsible for your failure to follow the steps, directions, and instructions relating to taking the SAT. You may be prevented from testing, in the sole discretion of College Board, for such failure.

Section 2.

Prohibited Items

You **may not bring prohibited items** to the digital SAT. Prohibited items include:

- Electronic equipment including phones (except as set forth below), smartwatches, fitness trackers, wearable technology, cameras, recording or listening devices, or any other type of electronic or communication device except for your Testing Device used for the digital SAT and, if applicable, any assistive technology that you have been approved to use for testing as an accommodation by College Board. If not being collected, all prohibited electronic equipment must be powered off and stored away from desks during testing.
- Books, reference guides, notes, compasses, protractors, dictionaries, highlighters, or colored pencils.
- Papers of any kind.
- Watches that beep, make a noise, or have an alarm.
- Calculators that are not acceptable.
- Detachable privacy screens for a Testing Device.
- Reference guides, keyboard maps, or other typing instructions.
- Ear plugs.
- Headphones.
- Weapons or firearms.

If you do not bring the required items, or if you bring prohibited items, you may be denied admission to or be dismissed from the test site; in addition, we may decline to score your test, or cancel your score.

NOTE: Some exceptions to the above may apply if a test taker has received a College Board–approved accommodation.

Section 3.

Section 4.

Score Cancellation and Disciplinary Measures

- a. Score Cancellation and Disciplinary Measures.** In the event that College Board and/or its contractors determine that your scores are invalid under Section 4(b) below, or you have engaged in Misconduct under Section 4(c) below, we may, in our sole discretion, take 1 or more of the following measures (“**Measures**”): deny you entry to a test administration, dismiss you from the test, decline to score your test, cancel your scores, ban you from taking future College Board assessments (including without limitation the SAT, Advanced Placement® (AP®) and CLEP® Exams), and/or share information with others as set forth in Section 4(f) below.

CAUTION! THE CONSEQUENCES OF CHEATING ON THE SAT ARE SEVERE.

- b. Invalid Scores.** We may cancel your scores and/or take any of the other Measures described above, if after following the procedures set forth in this section, we determine, in our sole discretion, that there is substantial evidence that your scores are invalid (“**Invalid Scores**”). Examples of evidence of Invalid Scores include, without limitation, unusual answer patterns failure to close all other applications or programs during testing or other evidence that indicates these Terms and Conditions have been violated. Before canceling your scores under this Invalid Scores section, we will notify you in writing (via email if an email address is provided by you in the Exam App for this test) or through your school and offer you 3 options: voluntary score cancellation, a retest (if during the testing window and

available at the test site), or an opportunity to submit additional information and request a further review by a College Board panel. If you opt for a further review by a College Board panel, and it confirms, in its sole discretion, that your scores are invalid, we will offer you 3 options: voluntary score cancellation, a retest (if during the testing window and available at the test site), or binding arbitration. If the retest option is available at your test site and you choose to pursue the retest option, you may not review scores from the administration under review—such scores will be canceled. This process is referred to as the **“Score Validity Process.”** Additional information about security measures and consequences of violating security policies is set forth on the College Board website at satsuite.collegeboard.org/digital/test-security-fairness. The binding arbitration option is available only for tests administered in the United States and U.S. territories.

- c. Misconduct.** Notwithstanding Section 4(b) above, if we determine, in our sole discretion, that there is overwhelming evidence that you violated these Terms and Conditions (**“Misconduct”**), the Score Validity Process will not apply, and we may cancel your scores and/or take any of the Measures described above. Examples of Misconduct might include overwhelming evidence that you used or attempted to use an answer key, mobile phone, the internet, or an application other than the Exam App; remove test content; adversely impact (e.g., take down, disrupt, or deface) the College Board server or Exam App through a cyberattack or other malicious activity; reverse engineer test specifications and content; or engage in postexam manipulation of test content, answer keys, or telemetry data. Misconduct may be established in various ways including, without limitation, through observations during an administration or by evidence discovered afterward.
- d. Testing Irregularities.** We may cancel your scores if we determine, in our sole discretion, that any testing irregularity occurred (collectively **“Testing Irregularities”**). Examples of Testing Irregularities include, without limitation, problems, irregular circumstances, or events associated with the administration of a test that may affect one (1) test taker or groups of test takers. Such problems include, without limitation, administrative errors (e.g., improper seating, improper admission to a test site, providing accommodations not approved by College Board), defective materials, defective equipment, technical issues (e.g., Exam App malfunction, Testing Device hardware issues, internet outage), evidence of possible preknowledge of secure test content, and disruptions of test administrations caused by events such as internet disruptions, natural disasters, weather events, epidemics or pandemics, wars, riots, civil disturbances, or other emergencies. When Testing Irregularities occur, we may cancel an entire administration or individual registrations, decline to score all or part of the test, or cancel scores. We may do this regardless of whether or not you caused the Testing Irregularities, benefited from them, or violated these Terms and Conditions. We may, in our sole discretion, give you the opportunity to take the test again within a reasonable time frame, and without charge. This is the sole remedy that may be available to you as a result of Testing Irregularities.
- e. Test Taker Reporting Violations or Suspicious Behavior.** You may confidentially report any suspected violation of the SAT Terms and Conditions, or any suspicion concerning the security of an SAT test administration, by immediately reporting this information to College Board online at forms.collegeboard.org/reportcheating or by emailing us at collegeboardtestsecurity@collegeboard.org.
- f. College Board Sharing Information with Third Parties.** We may share the results of test security investigations (including without limitation those relating to Misconduct and Invalid Scores described above, and other disciplinary-related information), with third parties, including with your school, any score recipient, college, higher education institution or agency, scholarship organization, potential score recipient, government agency in the United States or abroad, parents, legal guardians, or law enforcement. College Board may also share such information with third parties that have a legitimate reason for knowing the information or who may be able to assist College Board in its investigation or who may be conducting their own investigation. College Board may respond to inquiries from any institution to which you submitted a score. If you publicize any review, investigation, or decision of College Board, College Board may make any and all details of such matter public.

Section 5.

Privacy

a. Privacy Policies. College Board recognizes the importance of protecting your privacy. Our privacy policies located at collegeboard.org/privacy-center (“*Privacy Policies*”), and also available to you under **Help** on the Exam App homepage, are part of these Terms and Conditions. You consent to the collection, use, and disclosure by College Board of your personally identifiable information described in the Privacy Policies and in these Testing Rules. College Board may update its Privacy Policies from time to time, and they are subject to change up to 1 week prior to your test date and any subsequent test dates. You are required to review the Privacy Policies located on the College Board website at collegeboard.org/privacy-center prior to each test administration.

b. Testing Device and Activity Data.

Testing Device Data: When you download and use the Exam App, College Board will receive certain information about your Testing Device, including device type, operating system type and version, applications and processes running on your Testing Device, Internet Protocol (IP) address, screen size and resolution, number of screens, available memory, storage and disk bytes, disk mount, type and size, battery level, and other device-specific information for the purposes described below.

Testing Device Data and Activity Data: Testing Device Data and Activity Data (collectively, “*Data*”) may be used by College Board to make sure your Testing Device is compatible with the Exam App, for test security purposes, for test validation and research, and to develop and improve College Board products and services. Data may be disclosed to trusted vendors, but only in their provision of services to College Board, and we may disclose aggregated and de-identified Data. Data is not sold or licensed to third parties, including without limitation for their marketing purposes or other commercial purposes. We may share Data with your school, district or state education department related to the SAT you take on the Exam App, including any misuse of the Exam App. You will also be asked to type specific sentences in the Exam App. Neither Data nor those typed sentences are used for biometric identification.

c. BigFuture® School. If you are age 13 or older and take the test within the United States, and you decide to provide your mobile number in the Exam App, download the BigFuture School mobile application, and authenticate your identity in BigFuture School, then you may access the following educational services, as described below.

- ◆ **Score Information.** You may access your score(s) and other score information in BigFuture School. This is separate from a score report your school and/or district may provide to you. Score release dates will be posted online at satsuite.collegeboard.org/sat/scores/sat-score-release-dates.
- ◆ **Educational and Career Information from College Board.** We will provide you with educational information and recommendations about college and career options in BigFuture School. This may include, for example, postsecondary options and opportunities, career pathways, scholarships, National Recognition Program potential eligibility, financial aid and paying for college information, and opportunities to participate in College Board research studies. We may customize this information based on certain demographic information from your school, district, or state, information you provide during testing, your score(s) on this test, and your activities on the BigFuture School mobile application.

d. Connections. Connections™ is a free, voluntary program that connects students with information about nonprofit colleges, universities, scholarship organizations, and other nonprofit educational organizations (“*Eligible Organizations*”), which may be a good match for their interests. If available in your state, district, and/or school, you may choose to opt in to Connections during testing in the Exam App or in the BigFuture School mobile application. When you opt in to Connections, we will match you with Eligible Organizations

based on the information that you and your school, district, or state provide to us as part of this test, score ranges from this test, your interests and preferences as controlled by you in BigFuture School, and demographics and characteristics of students in which Eligible Organizations are interested. You may then receive information and messages from us about Eligible Organizations to which you've been matched, through the BigFuture School mobile application, email, and postal mail (if you choose to download BigFuture School, and/or provide your email and/or address as part of this test or later in BigFuture School mobile app, all of which is optional). **College Board will not share any of your personally identifiable information with any Eligible Organizations as part of Connections.**

We may provide reports and analytics to Eligible Organizations regarding your use of Connections, but only in de-identified and aggregated form. More information about Connections is available at satsuite.org/bigfutureschool.

- ◆ **Opt-out:** You can opt out of Connections at any time by an opt-out feature within the BigFuture School mobile application and by contacting College Board customer service at 866-756-7346. You can also control specific communication preferences as you use Connections, including through email/mail/app notification controls within BigFuture School, an unsubscribe option within Connections emails, opt-out instructions included in each mailing, and by contacting College Board customer service at 866-756-7346.
- e. Scholarship Programs.** College Board automatically sends your scores and personally identifiable information to the U.S. Presidential Scholars Program for test takers in all states, the District of Columbia, U.S. territories, and Puerto Rico, and for U.S. citizens abroad. In addition, based on your mailing address or high school, this information may also be sent to state scholarship and recognition programs in various states, including, by way of example only, Alaska, Georgia, Illinois, Kentucky, Michigan, Pennsylvania, West Virginia, and North Dakota. This information is used by such programs to consider your eligibility for a scholarship or recognition program.
- ◆ **Opt-out:** You can opt out by notifying College Board, in writing, no more than 15 days after the test date, at College Board SAT Program, Attention: Confidentiality, P.O. Box 025505, Miami, FL 33102 or by contacting Customer Service at inquiry@collegeboard.org.
- f. Educational Reporting.**
- ◆ We send your scores, data derived from your scores, other information you provide during testing to your school and district. In addition, your scores may be sent to your state for educational, diagnostic, and/or reporting purposes. (Students who test away from the school they regularly attend will have their scores shared with the school they regularly attend and their scores will not be shared with the school at which they tested. Homeschooled students' scores won't be shared with the school that administers the test.)
 - ◆ When you request that we send your scores to colleges or other organizations as designated by you during school day testing, we send your scores as well as certain demographic information from your school, district, or state and other information you provide during testing sufficient for identity matching to those colleges and organizations in accordance with the College Board website at sat.org/scores.
 - ◆ When you request that we send your scores to colleges or other organizations through your personal College Board account, we send your scores as well as certain demographic information and other information you provide to College Board to those colleges and organizations in accordance with the College Board website at sat.org/scores.

Section 6.

Miscellaneous

- a. Retest.** If you encounter test day issues that invalidate your test including without limitation Testing Irregularities (defined above), or otherwise keep you from completing your test, you may work with your school to schedule a retest. Your school may reschedule testing to later in the test window if feasible. Testing cannot be offered outside of the testing window. If a reschedule cannot occur within the window, other options may be shared with your school. Not all issues will be retest-eligible.

- b. Score Cancellation.** Students that do not want their scores reported may request a cancellation by either asking staff to submit a student requested cancellation form in Test Day Toolkit or by calling customer service. Cancellation requests must be submitted within 5 days of the test day. In some instances, scores may still be shared with schools, states, or districts.
- c. Away Students.** If you are testing at a school that you do not regularly attend (an **“Away Student”**) and will be bringing a Testing Device that is managed by the school you regularly attend, you must contact the school you attend to ensure that the Exam App is downloaded to the Testing Device prior to testing. College Board will provide public deadlines and guidelines for Away Students to participate in the digital SAT. Schools have the discretion to allow Away Students to test at their school.
- d. Testing Devices**
- ◆ **Charging.** Your Testing Device must be fully charged and be able to last for the duration of the test and setup. If your Testing Device does not have sufficient battery life, you may wish to bring a charging cable or portable charger. Your school may not have outlets available for all test takers. Schools will prioritize access to electricity for test takers approved for extended time or who are testing for longer than 3 continuous hours.
 - ◆ Schools may have policies regarding whether the use of a Personal Testing Device is allowed on their campuses. If Personal Testing Devices are not allowed and students must test using School-Managed Testing Devices, then schools are not required to provide a school-issued Testing Device to Away Students.
 - ◆ College Board is not responsible for Testing Device failure.
- e.** To ensure the integrity of the SAT, for security reasons, or for other reasons in our sole discretion, College Board reserves the right to bar any individual or group of individuals from registering for and/or taking any College Board assessment.
- f.** If College Board becomes aware that you or someone else may be in imminent danger, we reserve the right to contact the appropriate individuals or agencies, including your parents, guardians, high school, or law enforcement agencies. We may also provide the relevant content, along with any personal information, to those contacted.
- g.** College Board or its designee may use methods to capture images, video, or audio at any or all test sites to help ensure test security. The resulting images or recordings, which may permit College Board to identify specific individuals, may be collected, stored, reviewed, and used for the purposes of (i) identifying, collecting evidence of, and/or investigating possible SAT test security incidents; and (ii) enhancing SAT test security. These images and/or recordings are maintained following the test administration for as long as reasonably necessary for the purposes specified. Thereafter, the images and recordings are securely destroyed. College Board will not use or disclose such information except as described earlier in this section, as requested by law enforcement, and/or as reasonably necessary to protect the rights and property of College Board or third parties.
- h.** College Board may pretest new questions on the SAT to determine if they should be included in a future SAT administration. These questions may appear in all test sections. They will not be included in computing your scores. Pretesting questions are built into the design of the SAT, and testing time for the SAT takes these questions into account.
- i.** After the SAT, you may be asked to participate in a test experience survey. Participation is optional and will not affect your scores.
- j.** College Board takes steps to ensure that registration records are properly processed, that answers are properly processed, and tests are properly scored. In the unlikely event of a problem with shipping or processing testing materials, or score reports, or with scoring the test, or score reporting, College Board will correct the error, if possible, and may schedule a makeup test for impacted test takers. This is your sole remedy in relation to such issues. College Board has sole discretion in determining whether to score corrupted and irrecoverable answers that are eventually recovered.

- k. You must follow the local policies of your school. All personal property brought into the test site, such as purses, bags, backpacks, mobile phones, calculators and other electronic devices, may be subject to search at the discretion of College Board and testing staff. Searches may include the use of tools or other methods, that detect prohibited devices and/or their use. College Board and testing staff may confiscate and retain for a reasonable period of time any personal property suspected of having been used, or capable of being used, in violation of our test security and fairness policies, for further investigation.
- l. College Board and your school will not be responsible for personal property, including prohibited items, brought to the test site on test day that becomes lost, stolen, or damaged.
- m. You should only take the SAT one time during the testing window.
- n. Your school has sole discretion on when the test will be administered during the testing window and has the right to modify the test date in its sole discretion.

Section 7.

Section 9.

All disputes between you and College Board and/or any or all of its contractors that relate in any way to registering for, participating in, or taking the SAT, including but not limited to requesting or receiving test accommodations, score reporting, the use of your data, test security issues, or the Score Validity Process (defined in the “**Invalid Scores**” Section herein), shall exclusively be resolved by binding arbitration or small claims court. By agreeing to arbitration in accordance with this section, you are waiving your right to have your dispute heard by a judge or jury except as set forth below.
 - ii. Either you or College Board can seek to have a claim resolved in small claims court if the rules of that court will allow it. Additionally, and except for disputes relating to the Score Validity Process under the Supplemental Arbitration Rules below, if the claims asserted

in any request or demand for arbitration could have been brought in small claims court, then either you or we may elect to have the claims heard in small claims court, rather than in arbitration, at any time before the arbitrator is appointed, by notifying the other party of that election in writing. Any dispute about whether a claim qualifies for small claims court shall be resolved by that court, not by an arbitrator. In the event of any such dispute, the arbitration proceeding shall remain closed unless and until a decision by the small claims court that the claim should proceed in arbitration.

- iii.** If no party elects small claims court, the claims must be resolved through binding, individual arbitration before a single arbitrator. The arbitration will be administered by the American Arbitration Association (“AAA”) under the AAA Consumer Arbitration Rules in effect at the time a request for arbitration is filed with the AAA. Copies of the AAA Consumer Arbitration Rules are located at adr.org. The arbitrator will have the authority to resolve any dispute regarding the scope or enforceability of this Agreement, except only a court can decide claims that a party violated the intellectual property rights of the other party. In addition, only a court can decide issues relating to (a) the pre-arbitration requirements contained in this Agreement or (b) the interpretation of the prohibition of class and representative actions contained in this Agreement.
- iv.** Disputes relating to the Score Validity Process are subject to both these General Arbitration Rules and the Supplemental Arbitration Rules defined below, except as set forth herein. If there is a conflict between the General Arbitration Rules and the Supplemental Arbitration Rules, the Supplemental Arbitration Rules will control.
- v.** The following Section 9(a)v does not apply to disputes relating to the Score Validity Process under the Supplemental Arbitration Rules below. Before commencing a small-claims-court or arbitration proceeding, the claimant must provide the other party with a written notice of dispute that includes the claimant’s name and contact information, a detailed description of the dispute, relevant documents, the specific relief sought, and the claimant’s signature. If you are the claimant, you should send the notice of dispute to Legal Department, 250 Vesey Street, New York, NY 10281. You and College Board agree to attempt to resolve the dispute through informal good-faith negotiation within sixty (60) days from the date the notice of dispute is sent. If the parties are unable to resolve a dispute within sixty (60) days after a fully complete notice of dispute is received, you or College Board may commence arbitration, but no arbitration may be commenced during this 60-day period. If any aspect of the requirements in this subsection have not been met, a court can enjoin the filing or prosecution of an arbitration or the assessment of any arbitration fees. In addition, unless prohibited by law, the arbitration provider cannot accept or administer the arbitration, nor assess any fees for such an arbitration. If the arbitration already is pending, it must be dismissed.
- vi.** The parties agree that an administrative conference with the AAA shall be conducted in each arbitration proceeding, and you and a College Board company representative shall appear at the administrative conference via telephone. You may be accompanied by your counsel or other representative at the administrative conference, but you must attend personally. If you fail to appear at the administrative conference, regardless of whether your counsel attends, the AAA will administratively close the arbitration proceeding without prejudice, unless you show good cause as to why you were not able to attend the conference.
- vii.** This arbitration will be conducted as a documents-only arbitration (i.e., there will be no in-person or telephone hearing) unless otherwise agreed by the parties or required by the arbitrator. Should the parties agree to or the arbitrator require proceedings, such proceedings should be conducted at a location which is reasonably convenient to both parties with due consideration of their ability to travel and other pertinent circumstances. If the parties are unable to agree on a location, the parties agree that the proceedings will be conducted via a video or telephonic call or, in the event that face-to-face proceedings are agreed to by the parties or required by the arbitrator, at a location that is reasonably convenient to both parties in accordance with the AAA Consumer Arbitration Rules. The arbitrator may consider rulings in arbitrations involving other individuals, but an arbitrator’s rulings will not be binding in proceedings involving

different individuals. The existence and content of the arbitration proceedings, including documents and briefs submitted by the parties; any correspondence from the AAA; and correspondence, orders, and awards issued by the arbitrator shall remain strictly confidential and shall not be disclosed to any third party without the express written consent from the other party, unless disclosure to the third party is reasonably required in the context of conducting the arbitration proceedings or related court proceedings.

- viii. The parties agree that the Federal Arbitration Act (“*FAA*”) 9 U.S.C. § 1 et seq. governs this provision, and it is the intent of the parties that the *FAA* shall preempt all State laws to the fullest extent permitted by law.
 - ix. No arbitration may be maintained as a class or collective action; you and College Board agree to bring a claim only on your or own behalf and cannot seek a relief that would affect other individuals. Unless all parties agree otherwise, the arbitrator shall not have the authority to consolidate the claims of more than 1 individual, conduct any class or collective proceeding, make any class or collective award, or make an award to any person or entity not a party to the arbitration, without the express written consent of College Board.
 - x. Payment of all filing, administrative, and arbitrator fees and costs will be governed by the AAA’s rules. You are required to pay the AAA’s initial filing fee, but we will reimburse you for this filing fee at the conclusion of the arbitration to the extent it exceeds the fee for filing a complaint in a federal or state court in your county (or parish) of residence. If the arbitrator finds that either the substance of your claim or the relief sought was frivolous or was brought for an improper purpose (as measured by the standards set forth in Federal Rule of Civil Procedure 11(b)), then the payment of all fees will be governed by the AAA Rules, and we will not reimburse your initial filing fee and may seek applicable fee-shifting.
- b. Supplemental Arbitration Rules for the Score Validity Process (“*Supplemental Arbitration Rules*”)
- i. If you receive a notice from us that your scores are subject to the Supplemental Arbitration Rules Score Validity Process, you may be provided with the option to choose arbitration. In addition to the General Arbitration Rules, except as set forth herein, the below rules will apply.
 - ii. The sole issue for the arbitrator to decide is whether College Board acted in good faith and followed the Score Validity Process.
 - iii. This arbitration will be based only on (i) the documents you submitted to College Board pursuant to the Score Validity Process and (ii) College Board documents unless otherwise agreed by the parties or required by the arbitrator.
 - iv. If the arbitrator finds that College Board did not act in good faith in deciding to cancel your scores, your scores will not be canceled (or they will be reinstated, if applicable).
 - v. All other disputes with College Board will be resolved solely by the General Arbitration Rules in Section 9(a) above, except as set forth herein.

Section 10.

Venue and Waiver of Jury Trial

All disputes arising from or related to these Terms and Conditions that are not subject to arbitration under Section 9 shall be resolved exclusively in the state and federal courts located in New York County, New York State, and each party to these Terms and Conditions irrevocably consents to the jurisdiction of such courts. Each party expressly waives any right to a jury trial in any lawsuit arising from or related to these Terms and Conditions.

If any provision or part of this Agreement is held to be invalid, illegal, or unenforceable, the remaining provisions will nevertheless continue in full force without being impaired or invalidated in any way, and, to the extent possible, the invalid, illegal, or unenforceable provision shall be modified so that it is valid, legal, and enforceable and, to the fullest extent, reflects the intention of the parties.

Section 14.

Restricted Registrations

If a Sanctioned Person attempts to register despite U.S. sanctions that prohibit College Board from doing business with such Sanctioned Person, College Board or a U.S. financial institution may block the registration or payments submitted by or for such Sanctioned Persons.
