

Student Readiness Check

SAT® Suite

Before students take a test in school, we highly encourage them to complete exam setup either during their school's student readiness check or at home with a sign-in ticket if they're homeschooled students.

DATE OF STUDENT
READINESS CHECK

M	M	D	D	Y	Y
---	---	---	---	---	---

Visit **sat.org/readiness** to find out more.

Get familiar with Bluebook

Taking a full-length practice test in Bluebook™, the digital testing app, lets students get to know its helpful testing tools (bluebook.org/testing-tools), sample the different types of test questions, and try out the built-in Desmos calculator. Students will also confirm that their name, date of birth, and accommodations are correct.

Select four free score sends (SAT School Day only)

When students take the SAT®, they can choose up to four colleges, universities, or scholarship programs to receive their scores for free. Students should review the codes they'll need to provide ahead of time at bigfuture.collegeboard.org/colleges and bring them on test day.

Learn about the BigFuture School mobile app and Connections

By providing a mobile phone number during exam setup, students can use the free BigFuture® School* mobile app to get their test scores easily and explore customized college and career guidance right on their phones. By opting in to Connections™*, students can discover nonprofit colleges, scholarship providers, and government agencies offering educational programs that may be a good fit and are looking for students like them. Visit bigfutureschool.org to learn more.

Enter the National Merit Scholarship Program (PSAT/NMSQT only)

Students who take the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT®) will have the opportunity to enter the National Merit® Scholarship Program by answering a few questions to determine eligibility. The National Merit Scholarship Program is an academic competition for recognition and scholarships administered by National Merit Scholarship Corporation. Visit www.nationalmerit.org for more information.

Check their testing device

Students who plan to test on a personal device can make sure it will work on test day. Visit bluebook.org/personal-device to learn more.

Connect to awards

When 10th or 11th graders take the PSAT/NMSQT or PSAT™ 10, they may be eligible for the College Board Recognition Program. Learn more at bigfuture.org/recognition.
