Get Section and Total Scores

Section and total scores for this paper version of the digital SAT practice test are expressed as ranges. That's because the scoring method described in this guide is a simplified (and therefore slightly less precise) version of the one used in the actual test.

GET YOUR READING AND WRITING SECTION SCORE

Calculate your SAT Reading and Writing section score (it's on a scale of 200–800).

- 1 Use the answer key on page 4 to find the number of questions in module 1 and module 2 that you answered correctly.
- 2 To determine your Reading and Writing raw score, add the number of correct answers you got in module 1 and module 2.
- 3 Use the Raw Score Conversion Table: Section Scores on page 5 to turn your raw score into your Reading and Writing section score.
- 4 The lower and upper values associated with your raw score establish the range of scores you might expect to receive had this been an actual test.

GET YOUR MATH SECTION SCORE

Calculate your SAT Math section score (it's on a scale of 200–800).

- 1 Use the answer key on page 4 to find the number of questions in module 1 and module 2 that you answered correctly.
- 2 To determine your Math raw score, add the number of correct answers you got in module 1 and module 2.
- 3 Use the Raw Score Conversion Table: Section Scores on page 5 to turn your raw score into your Math section score.
- 4 The lower and upper values associated with your raw score establish the range of scores you might expect to receive had this been an actual test.

GET YOUR TOTAL SCORE

Add together the lower values for the Reading and Writing and Math sections, and then add together the upper values for the two sections. The result is your total score, expressed as a range, for this SAT practice test. The total score is on a scale of 400–1600.

| 1 Total Score 400–1600 Scale | Total Score | |
|-----------------------------------|--------------------------------------|-----------------------|
| 2 Section Scores 200–800 Scale | Reading and Writing Modules 1 & 2 | Math Modules 1 & 2 |

Your total score on this SAT practice test is the sum of your Reading and Writing section score and your Math section score. For this practice test, you'll receive a lower and upper score for each test section and the total score. This is the range of scores that you might expect to receive.

Use the worksheets on pages 4 and 5 to calculate your section and total scores.

SAT Practice Test Worksheet: Answer Key
